

CAMPUS COUNCIL ON *Faculty Life*

# Faculty Development Day

September 17, 2018

Organization		
Educational Resources	1	<b>Healthforce Center at UCSF</b> We prepare health care organizations for success by combining a deep understanding of the issues facing their workforce with the leadership skills to drive progress. <a href="http://healthforce.ucsf.edu/">http://healthforce.ucsf.edu/</a>
	2	<b>Center for Faculty Educators (CFE)</b> The CFE offers resources for members of the UCSF community who want to develop themselves as educators and education scientists in the health professions. Our community of faculty, learners and staff is committed to innovation and excellence in health professions education through mentorship, recognition and skills development in teaching and education research. Visit our kiosk or website to register for a workshop, sign up for teaching observation and feedback (TOP), participate in ESCape, or learn more about Teach for UCSF Certificates and the Academy of Medical Educators. <a href="https://meded.ucsf.edu/faculty-educators/our-community/educators">https://meded.ucsf.edu/faculty-educators/our-community/educators</a>
	3	<b>UCSF Maintenance of Certification Approval Program (MOCAP)</b> The UCSF Maintenance of Certification Part IV Approval Program is an approved sponsor of the ABMS Multi-Specialty Portfolio Approval Program. UCSF MOCAP helps physicians meet their quality improvement (MOC Part IV: Improvement in Medical Practice) board requirements. <a href="https://moc.ucsf.edu/">https://moc.ucsf.edu/</a>
	4 - 5	<b>Student Success Center/Student Life</b> Student Success Center/Student Life— The Success Center (SSC) is located at the Parnassus campus in Millberry Union West. This is a great resource for faculty to know about so they can refer students to the SSC for assistance and support in the following areas: First Generation Services, Learning Resource Services, Registered Campus Organizations, Student Disability Services, Student Government, Student Rights and Responsibilities, Synapes, the student run newspaper and Veteran Support Services. More details can be found <a href="https://studentlife.ucsf.edu/">https://studentlife.ucsf.edu/</a> and <a href="https://success.ucsf.edu/">https://success.ucsf.edu/</a>
Research Resources	6	<b>UCSF Global Health Sciences</b> A world-class educational, service and research organization that harnesses UCSF's scientific strengths to train global health leaders of tomorrow and develop solutions to today's most pressing health challenges. We support tools and resources spanning UCSF and the UC system fostering global endeavors, including the Global Projects Database, a faculty affiliation program, a consultation service, and a Global Research Compliance HUB. <a href="http://globalhealthsciences.ucsf.edu/">http://globalhealthsciences.ucsf.edu/</a>
	7	<b>Office of Innovation, Technology &amp; Alliances (ITA)</b> Helps our researchers' partner with industry on research and clinical programs; supports and markets UCSF inventions to the commercial world; and provides education and resources to help researchers explore the entrepreneurial potential of their discoveries. <a href="https://ita.ucsf.edu/">https://ita.ucsf.edu/</a>
	8	<b>Research Resource Program (RRP)</b> The Research Resource Program (RRP) provides strategic planning and implementation of programs to support core facilities and other research resources at UCSF. The RRP also provides administrative, operational and financial management tools and support to core facilities. <a href="http://rrp.ucsf.edu">http://rrp.ucsf.edu</a>
	9	<b>Academic Research Systems</b> Offers secure computing environments, tools, consulting services and access to UCSF Clinical data that support researchers. <a href="https://it.ucsf.edu/about/teams/academic-research-systems">https://it.ucsf.edu/about/teams/academic-research-systems</a>
	10	<b>Research Development Office (RDO)</b> Serves at the nexus of research and research administration to promote, support, strengthen, and grow the research enterprise at UCSF through several programs: 1) Resource Allocation Program (RAP), which manages the dissemination, submission, review and award of a wide variety of intramural funding opportunities; 2) Limited Submission Program (LSP), which manages the dissemination, solicitation and selection of proposals for limited submission funding opportunities; 3) Large Grant Development Program (LGDP) that supports proposal development for large, multi-investigator project grants; 4) Team Science Program (TSP) and Special Strategic Projects (SSP), which foster and facilitate scientific collaborations between internal and external research teams; and 5) 3TS - T32 Trainee Tracking (3TS) program that supports faculty and staff in preparing NIH T32-training grant renewal applications. <a href="http://rdo.ucsf.edu/">http://rdo.ucsf.edu/</a>

Research Resources	11	<b>Clinical and Translational Science Institute (CTSI)</b>	Provides a range of services and resources to support clinical and translational research. These include funding, training, inpatient and outpatient clinic space, recruitment services, expert consultation and technology products. <a href="https://ctsi.ucsf.edu/">https://ctsi.ucsf.edu/</a>
	12	<b>School of Medicine Information Services Unit (ISU)</b>	We support healthcare and academic leaders in advancing today's most innovative digital projects. We provide leadership, advocacy, and management across the School of Medicine's technology spectrum, from research to development to data security. Our broad technology expertise, deep knowledge of the UCSF ecosystem, and human-centered approach give us a unique ability to help take ideas further, faster. <a href="https://tech.ucsf.edu/">https://tech.ucsf.edu/</a>
	13	<b>Office of Sponsored Research (ORS)</b>	ORS provides expert administrative support to all researchers, from proposal development, to award negotiation and acceptance for contracts, grants, and fellowships from government, non-profit, and industry sponsors. We also support business contracts such as training affiliations and clinical professional service agreements. We partner with a range of administrative units in order to provide seamless sponsored project support. For more information, visit us at <a href="https://ors.ucsf.edu/">https://ors.ucsf.edu/</a>
	14	<b>Supply Chain Management</b>	We empower the business of the University by delivering intuitive, easy-to-use tools for purchasing goods and services. Through cost savings and innovative procurement processes, we help expand opportunities for teaching, research and public service <a href="http://supplychain.ucsf.edu/about-us">http://supplychain.ucsf.edu/about-us</a>
	15	<b>Contracts and Grants Accounting</b>	Collaborates with Principal Investigators, Research Administrators, the Office of Sponsored Research, other University units and sponsors to advise and provide oversight of the financial and post award management of sponsored research. <a href="https://controller.ucsf.edu/services/contracts-grants-accounting">https://controller.ucsf.edu/services/contracts-grants-accounting</a>
	16	<b>Ethics and Compliance Office, Clinical Enterprise Compliance Program (CECP)</b>	Organization collaborates with the UCSF community and senior leadership to coordinate and guide compliance efforts across the campus; to promote ethical behavior and research integrity; and to provide needed tools, guidance, and oversight. <a href="http://compliance.ucsf.edu/">http://compliance.ucsf.edu/</a> The Clinical Enterprise Compliance Program (CECP) partners with UCSF clinical enterprise leadership, managers, and staff to focus on compliance with state and federal laws, as well as university policies, that impact UCSF clinical enterprise personnel, patients, and organizational mission. <a href="http://cecp.ucsf.edu/about-us">http://cecp.ucsf.edu/about-us</a>
	17	<b>Human Research Protection Program (HRPP) Institutional Animal Care and USE Program (IACUP)</b>	HRPP is comprised of UCSF's Institutional Review Board (IRB), and the Quality Improvement Unit (QIU). The IRB reviews research involving human subjects to ensure the ethical and equitable treatment of those subjects; the QIU provides training and ongoing monitoring of approved human subjects research studies. <a href="http://irb.ucsf.edu/">http://irb.ucsf.edu/</a> IACUP administers the faculty committee (IACUC) that reviews all research proposals utilizing animal subjects. The IACUP provides training to researchers on humane methods of animal handling and laboratory techniques; conducts post approval monitoring of research activities to ensure the highest standards for animal health and welfare are met. <a href="http://iacuc.ucsf.edu/">http://iacuc.ucsf.edu/</a>
Technology Resources	18 - 19	<b>Information Technology</b>	Provide end to end information technology management, consulting, support, and centralized infrastructure services (Service Desk, Desktop field services, email, wireless, telecommunications) to UCSF, full range of technical consulting help. <a href="http://it.ucsf.edu/">http://it.ucsf.edu/</a>
	20	<b>Educational Technology Services</b>	Central campus resource for classroom technical support, AV solutions, lecture capture, video conferencing, video recording, editing and production, as well as other audio-visual services. <a href="https://edtech.ucsf.edu/">https://edtech.ucsf.edu/</a>
	21	<b>Fidelity Retirement Services</b>	Provides the recordkeeping, communications, and financial education for UC employees for the 403(b), 457(b), and the DC Plan. <a href="https://www.myucfretirement.com/">https://www.myucfretirement.com/</a>
	22	<b>Benefits Specialty Center</b>	Administers the employee retirement and health and welfare programs for faculty and staff paid through the San Francisco campus, and conveys UCSF benefits interests and priorities to the Office of the President. <a href="http://ucnet.universityofcalifornia.edu/compensation-and-benefits/index.html">http://ucnet.universityofcalifornia.edu/compensation-and-benefits/index.html</a>

Faculty Welfare Resources	23	<b>UCSF Health Care Facilitator Program</b>	Works with active and retired UC employees, residents/fellows, postdoctoral scholars, and their dependents to educate and resolve escalated problems involving health plan coverage, access, claims/billing and other complex issues. Provides education and consultation to increase knowledge of health plan design, the healthcare environment and improve overall health care/health insurance literacy to promote individual self-sufficiency as a consumer & patient. All services are confidential & free. <a href="http://hr.ucsf.edu/hcf">http://hr.ucsf.edu/hcf</a>   <a href="http://ucnet.universityofcalifornia.edu/forms/pdf/hcf-brochure.pdf">http://ucnet.universityofcalifornia.edu/forms/pdf/hcf-brochure.pdf</a>
	24	<b>Office of the Ombuds</b>	Provides confidential, informal (off-the-record) and impartial problem-solving services in response to any workplace concern or complaint. <a href="http://ombuds.ucsf.edu/">http://ombuds.ucsf.edu/</a>
	25	<b>Faculty &amp; Staff Assistance Program</b>	FSAP offers short-term confidential and free individual counseling and organizational consultation for all faculty, staff, residents, postdocs, clinical fellows. <a href="https://hr.ucsf.edu/">https://hr.ucsf.edu/</a>
	26	<b>Office of Diversity and Outreach</b>	Office of Diversity and Outreach: Provides leadership for diversity, equity and inclusion efforts in recruiting, hiring, and promotion of faculty. The office's work is focused in the areas of outreach, education, training and compliance where it provides resources to faculty in the areas of Affirmative Action, disability and sexual harassment. In addition, the office supports the creation of a climate of inclusion through a variety of events and diversity dialogues. Visit <a href="https://diversity.ucsf.edu/">https://diversity.ucsf.edu/</a> for more details or to join the listerv.
	27	<b>Differences Matter</b>	Differences Matter is a UCSF School of Medicine multi-year initiative focused on creating a diverse community and an inclusive culture that will work to close gaps in inequities in health and health care across all of UCSF's mission areas. <a href="http://medschool.ucsf.edu/differences-matter">http://medschool.ucsf.edu/differences-matter</a>
	28	<b>Campus Life Services</b>	Campus Life Services is committed to providing quality campus life programs and services to the UCSF community. From transportation, housing, and business support to child care, entertainment, fitness, building operations and maintenance, and more—Campus Life Services have touched everyone, at every campus location. In short, we're all about Making Life Better for the UCSF community, particularly faculty, staff, and students. <a href="http://campusliveservices.ucsf.edu/clsl/">http://campusliveservices.ucsf.edu/clsl/</a>
	29	<b>Family Services</b>	Family Services offers essential services and resources to help meet the diverse needs of UCSF faculty. Family support services include UCSF on-site child care centers, the child care referral service, <i>Sittercity</i> , <i>Years Ahead</i> , a lactation accommodation program, and back-up child and adult care for eligible faculty.
	30	<b>Warm Hearts</b>	The Vision of WARM Hearts is to retain and support the diverse workforce of highly qualified women physicians who already provide excellent clinical care at ZSFG. By stimulating, supporting, and retaining this group of providers, we hope the quality of care received by ZSFG patients will continue to improve. <a href="https://sfgh.ucsf.edu/warm-hearts">https://sfgh.ucsf.edu/warm-hearts</a>
	31	<b>Caring for the Caregiver</b>	UCSF Health has developed the Caring for the Caregiver program to ensure that providers and staff are emotionally supported through the experience of patient care. Through the Caring for the Caregiver program, UCSF Health hopes to better coordinate support for providers and staff when they are involved in stressful patient care experiences. In addition to already existing resources such as FSAP and Spiritual Care Services, Caring for the Caregiver has established a peer support team to provide one-on-one, emotional first aid for all care team members at UCSF Health. If you are experiencing a normal reaction to a stressful event or outcome (also called "second victim"), we can help. Our goal is to help care team members understand what normal reactions to stressful events look and feel like, and the resources available to them. The program is available to all health care team members at UCSF Health hospitals and clinic sites. <a href="https://caringforthecaregiver.ucsf.edu/">https://caringforthecaregiver.ucsf.edu/</a>
	32	<b>Stress Free UC</b>	The Stress Free UCSF Study, led by research faculty in the Department of Psychiatry, is a campus initiative to reduce stress in UCSF employees. The goal of Stress Free UC is to encourage the practice of daily stress reduction among employees and further enhance our UC community. Participants receive a one-year subscription to the digital mindfulness application, Headspace, and participation is all online. For more details, visit <a href="http://StressFreeUC.org">StressFreeUC.org</a>

Additional Faculty Resources	33	<b>Space and Open plan design at UCSF</b>	Curious about how space is managed at UCSF? Want to know more about the construction at Parnassus Heights, or long-term plans for changes at all campus locations? Stop by for information and resources about work space at UCSF, including Open Plan Design and current renovation and construction projects, as well as information about campus planning, construction, leased space, and policies that guide decision-making. <a href="http://space.ucsf.edu">space.ucsf.edu</a>   <a href="http://realestate.ucsf.edu">realestate.ucsf.edu</a>
	34	<b>University Relations</b>	UCSF's Office of University Relations is charged with directing strategic communications, public affairs and advocacy efforts for the campus and UCSF Health. The University Relations team is skilled at leading integrated, outcome-driven communications to strengthen awareness of UCSF's excellence in patient care, research and education through brand marketing, media relations, digital communications and internal communications. Lead University's community and government relations programs at the local, state and federal levels. Huge RDO <a href="https://www.ucsf.edu/university-relations">https://www.ucsf.edu/university-relations</a>
	35	<b>University Development and Alumni Relations</b>	The UCSF Foundation and the Office of University Development and Alumni Relations (UDAR) are responsible for fostering and strengthening campus outreach efforts to UCSF constituents and for garnering private support for the campus. In raising private support, UDAR identifies, qualifies, solicits and stewards donors for the schools, medical center, departments and programs on campus; accepts and administers all private gifts to the university through the Regents or the UCSF Foundation; and manages all alumni relations activities, campus support group activities and campus events. In 2017, we began the pivotal phase of <b>UCSF: The Campaign</b> , an effort to raise \$5 billion to solve some of the world's most intractable health challenges. <a href="http://giving.ucsf.edu">giving.ucsf.edu</a>   <a href="http://campaign.ucsf.edu">campaign.ucsf.edu</a>   <a href="http://alumni.ucsf.edu">alumni.ucsf.edu</a>
	36	<b>Academic Senate</b>	Facilitates faculty participation in campus governance related to education, promotions, research, campus finances, and welfare. <a href="http://senate.ucsf.edu/">http://senate.ucsf.edu/</a>
	37	<b>Office of Sustainability</b>	Encourages faculty to support engagement around sustainability at UCSF, by providing outreach and education around the health link to energy, waste, toxics, food, and water. Employee benefits to support these efforts will be featured. <a href="http://sustainability.ucsf.edu/">http://sustainability.ucsf.edu/</a>
	38	<b>UCSF Library</b>	Supports faculty needs by providing research services, education/curricular support and tools, access to online resources/journals. <a href="https://www.library.ucsf.edu/">https://www.library.ucsf.edu/</a>
	39	<b>UCSF Privacy Office</b>	Provides consultative services on information privacy related questions (e.g., HIPAA, FERPA), coordinates privacy investigations, and develops privacy training and education programs. <a href="http://hipaa.ucsf.edu/">http://hipaa.ucsf.edu/</a>
	40	<b>QB3</b>	Advises faculty and makes connections for those looking to launch startup companies to commercialize their research. QB3 also operates incubator space and venture funds. <a href="http://qb3.org/">http://qb3.org/</a>
